

Raquel Quintana

Urban Designer

United States | +1 832 410 4792 | raquelquintana009@gmail.com | linkedin.com/in/raquelquintana009 | raququin.com

SUMMARY

Urban designer combining corporate-scale project delivery with hands-on public realm, placemaking, and temporary architecture. Contributed to urban-scale mixed-use, master planning, entertainment, and civic projects, supporting public-facing and in-between spaces. Background spans urban interventions, adaptive reuse, and experiential public work. Strong at translating strategy into spatial concepts, leading multidisciplinary teams, and delivering design work that shapes how people experience cities.

SKILLS

Software & Digital: Revit, Rhino, SketchUp, Grasshopper, AutoCAD, Illustrator, InDesign, Photoshop, Lumion, Enscape, Nano Banana AI

Making & Fabrication: Model Making, 3D Printing, Laser Cutting, Woodworking, Sketching

PROFESSIONAL EXPERIENCE

Technical Designer, Gensler

Houston, Texas | 2022 – 2024

- Contributed to urban-scale mixed-use, master planning, entertainment, and civic projects, supporting public-facing and in-between spaces.
- Worked across concept, design development, documentation, and construction, bridging strategy, design intent, and delivery.
- Led internal teams, coordinated consultants, and presented work to clients, translating complex design ideas into clear narratives.

Emerging Professional, DLR Group

Houston, Texas | 2021

- Supported site research, design collaboration, and construction for multi-office projects.
- Produced diagrams, spatial studies, and presentation materials.
- Worked directly with owners and contractors, gaining exposure to real urban constraints and delivery.

EDUCATION

Masters of Ephemeral Architecture and Temporary Space, Elisava School of Design

Barcelona, Spain | 2024 – 2025

- Collaborated with Barcelona architecture studios including TAKK Architects and Queralt Suau Studio on design-build installations from concept through fabrication and assembly.
- Designed and built temporary architectural interventions, public installations, and interactive environments exploring movement, light, materials, and civic engagement.
- Awarded at the 2025 Llum light festival for "Eixir", an interactive public light installation recognized for community engagement.

Bachelor of Architecture (B.Arch), University of Houston

Houston, Texas | 2017 – 2022

- 5-year NAAB-accredited degree, Magna Cum Laude, Minor in Business.
- Thesis focused on sensory interventions, altering spatial perception, and interrupting daily routine.
